Conferencing Services Program

The British Columbia Construction Association and Network Telsys have teamed up to offer BCCA members a terrific deal on conferencing services. The rates are as follows:

Telephone Conferencing: \$0.129 per minute*

Telephone Conference Recording: \$2.00**

Web Conferencing: \$0.149 per minute*

*Rate is per minute per participant/moderator

**Regardless of the length of call or number of participants

The \$0.129 rate for Telephone Conferencing includes a Bridge Access Fee (port fee) of \$0.089 per minute and a Long Distance Fee of \$0.04 per minute. The toll free conference dial-in number can be used from anywhere in Canada or the United States.

Compare these rates to what you're paying now and then call Network Telsys at (877) 650-9090 to activate a conferencing account. There are no contracts to sign and no monthly minimums, activation fees, etc. You'll only pay for usage. We would be pleased to answer any questions you may have about the services or to give you a quick demonstration.

Telephone Conferencing

Our Telephone Conferencing service makes conference calling easy and inexpensive. Now there's no need to reserve a conference call or to use expensive operator assisted services. Simply dial the telephone conference number and enter your moderator code when prompted. Your participants dial the same number and enter the participant code. It's that easy. Your conference is available when you need it, 24 hours a day, 7 days a week.

You can even monitor and manage your call using our Web Audio Console feature. You can see who's speaking, mute participants and much more.

Our Telephone Conferencing service includes many other valuable features and options:

- Entry and Exit Tones and/or Messages
- Roll Call & Participant Count
- Conference Record & Playback
- Lock the Conference (moderator can lock the conference so that no more participants can join the call)
- Lecture Mode (mute all)
- Participant Self Mute
- Sub-conference (like going into the hallway to have a separate discussion)
- Operator Assisted Conferences (additional charges apply)

Web Conferencing

Our Web Conferencing service is an ideal way to make presentations or train customers or employees in other locations. It's convenient, easy to use and you'll enjoy big savings by avoiding expensive travel.

The service includes 3 primary features:

Slide Show

- Load and present Microsoft® PowerPoint® or JPEG slides
- Annotate slides

Whiteboard

- Use a variety of text and drawing tools

Application Sharing

- Share virtually any software application with other participants, allowing them to see what you see on your computer
- Permit remote control so that another participant is able to control the shared application
- Share your entire desktop with other participants

Microsoft and PowerPoint are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries.
